

RJ-11 TEL JACKS

(1 module)

Functions

Socket outlet (RJ-11) double line with 4 contacts suitable for dual telephone connection.

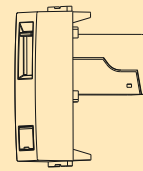

Special Features

- Provided with connectors hence vary convenient in wiring and connection.
- High conductivity, low loss contacts.
- Suitable for screwless snap fit mounting on the plate.
- Insulation piercing terminal hence very convenient in wiring and connection.
- High conductivity, low loss contacts.
- Provided with shutter to avoid dust accumulation and contact contamination.
- Suitable for screwless snap fit mounting on the plate.

Nomenclature and Marking

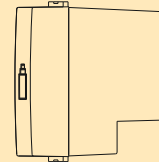

GM modular range is marked with details using laser technology with absolute precision and indelibility.

Different varieties:

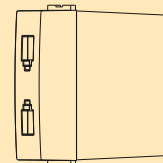

AA 1 043

2 Line Jack, RJ-11 with Shutter & name plate

AA 1 044

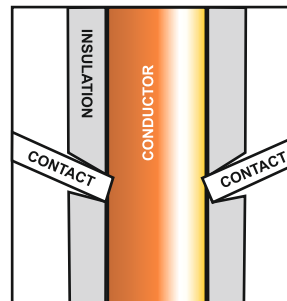

2 Line Jack, RJ-11 with PCB

AA 1 045

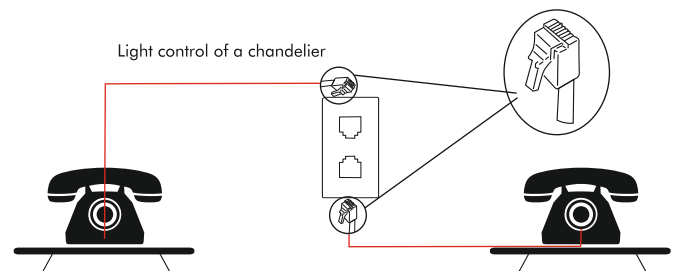

4 Line Jack, RJ-11 with PCB

Example of Use:

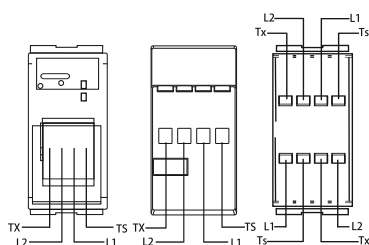

Insulation Piercing Terminal

A perfect connection for trouble free performance without risk of oxidation and resultant contamination.
